### Work Experience

Michaels      Morton Grove, IL  
Frame Designer      Oct 2021- Present

- Take custom frame orders using Design Hub and using the program to design and manipulate the placement of the fillet, mat and customers art.
- Choosing different frames, fillets, and mats with different aesthetics, textures and colors to match the customers art and home.
- Making phone calls to the customers and letting them know their piece(s) are complete and ready to be picked up.
- Mark completed orders as picked up in Design Hub and file picked up order forms by last name.
- Register sales on a cash register by scanning items, itemizing, and totaling.

Gatehouse Media/Gannett      Downers Grove, IL. / WFH  
Graphic Designer/Ad Traffic Coordinator      April 2019 - December 2020

- Revise and design print and digital advertisements for different local and non-local companies around the U.S
- Communicate with my team, team lead, supervisor, co-workers and vendors in different locations using the program Adium
- Work in a fast paced environment with quick turnarounds
